Jane Jenkins' "Quilled Teddy Bears"

Most of us, at some time, have owned a teddy bear. They're the epitome of cuteness. This new book takes you through how to make all kinds of teddies, for greetings cards, a bookmark, a pencil top, or to stand up on their own.

For years, Jane has wanted to design a free-standing Quilled Teddy and she shares the techniques and methods in this book..

You could even adapt the free-standing teddy to have moveable arms, legs and neck..

(We reserve the right to adjust prices at any time if necessary).

Payment with order please (Cheque, bank transfer or ask for PayPal invoice)

If you haven't a PayPal account, you can ask for an invoice and still pay by credit or debit card through PayPal

Jane has been creating patterns for quilling since 1982. She tries them out on her classes and then refines them for publication, so they really do work. The instructions are easy to follow and the results are fun and attractive, however easy or challenging. Try making some and see!

Interested in having a *Jane Jenkins*' Visiting Workshop (UK)? (... or we can visit your event.)

It's easy to organise and lots of fun.

We can cater for up to 40 quillers, at *any* quilling level including complete beginners to the most experienced.

All you need is somewhere local to meet, with tables and chairs, and the usual handy equipment - scissors, tweezers, PVA glue, etc.

We can bring you a day of fun, teaching you lots of new and old techniques and good ideas.

Ask for our long list of topics, and for our charge, depending on how far we travel and if we need an overnight stay (unless a kind person puts us up).
